

.horse

In order to register a domain in the .horse TLD, the Registrant must comply with the following, in addition to the requirements of the Registrant Agreement (“Agreement”), which is incorporated herein by reference.

Blocked Names

The Registry may block names it considers to be profane or inappropriate in this TLD, all two-character names, and any other names as required by its contract with ICANN or by applicable law.

Reserved Names

The Registry may reserve names from registration and/or release such names at any time.
